To Whom it May Concern:

I am writing on behalf of Vita McHale's application for your Media Specialist position at the Downingtown Area School District. I have been a Technology Education teacher in the East Penn School District for the past 14 years. Throughout my time there, I have had the opportunity to run the TV studio at my school as well as coach diving for Emmaus High School.

I have known Vita since she was a student of mine at Eyer Middle School , and as her diving coach at Emmaus High School. Vita has always demonstrated a strong sense of determination and dedication in the pool, as well as in the classroom. Throughout her time at Emmaus, she developed an incredible drive to pursue a career in broadcast journalism and video production and is still remembered as one of the top students in our program.

On many occasions, Vita would volunteer at my school to work with the students in the television studio. She would prepare lessons to help them improve their video editing skills as well as develop their on-camera presence. The students greatly benefitted from her knowledge in all of the areas from creating a complete news package to properly managing a studio. Her creativity and energy engaged and inspired the students to look for new and innovative ideas for the program.

I feel that her enthusiasm for journalism and video production would be a great inspiration to students who are interested in the field. She is motivated, personable, outgoing, and willing to share her knowledge with others. I highly recommend her for the position. Please do not hesitate to contact me with any questions.

Sincerely,

Steve Braglio
